

LGBTQ

'Thinking Straight?'

You are invited to a conference hosted by Connexions Surrey and featuring a coalition of all of the key organisations working with LGBTQ young people in the county.

Listen to speakers from the Terrence Higgins Trust highlight best practice in co-ordinating services for LGBTQ young people, including work with schools & colleges, partnership working, and outreach activity.

Take part in workshops about issues affecting LGBTQ young people, including the Every Child Matters and Healthy Schools agenda, anti bullying requirements and strategies, support for improved participation and academic success, OFSTED diversity and equality targets, and much more.

Contribute to developing an **action plan** to support these young people through partnership working and the Surrey Children & Young People's Trust.

Young people, their **support workers** and other **professionals** and **practitioners** are all welcome, but places are limited.

To reserve yours, contact Shelley Hollis (01372 746500 or email shelley.hollis@connexionsurrey.co.uk) by 10th July 2007

Key partners:

- LGBTQ organizations,
- Connexions PAs,
